“Inner Mongolia Meiyaoshan Wind Farm Project” (2381)**

1. The Board agreed to undertake a review of the project activity “Inner Mongolia Meiyaoshan Wind Farm Project” (2381).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the proposed project activity, through an assessment of the investment analysis, in particular, the:
 - (a) Appropriateness of the applied tariff as the DOE has failed to confirm that there was no reductions in applicable tariffs between 2002 and the start date of the project activity and whether any reduction in applicable tariffs would result in a reduction of the incentive for investment in wind power; and
 - (b) Break down of the “other fees” as the assumptions of this value has not been adequately substantiated.
