

AY-21

**Client:**

Yazaki North America Inc.

**Facility Type:**

Research & Development Headquarters

**Location:**

Canton, Michigan

**Size:**

499,148 s.f.

**Construction Date:**

May 1997-December 1998

**Overview:**

Shimizu North America provided design build services for this four story post-tensioned concrete structure with a combination planar glass and curtain wall exterior skin. The planar glass for the exterior was manufactured in Manchester, England. The technical library is suspended within the four story atrium and enclosed in an actual wood "boat" hull.
